

Marcus to be Here

Marcus, the Magician, has consented to present his show here Friday November 15 under auspices of Sutton high school. This show is the talk of the surrounding territory and is composed of sleight of hand, modern magic and mind reading. Marcus is one of the few crystal gazers of this age. He is no longer an amateur but is now a professional.

Seating space will be reserved for all. Bring your own pillow. Tickets on sale by H. S. students. Burton Kingsley is advertising manager.
