

The John Kirkeby family had a serious automobile accident while going to Valley City Tuesday. It seems that a mail carrier from Dazey turned a corner unexpectedly and crashed into them, throwing the occupants out, resulting in a broken leg and arm for Mr. Kirkeby, a broken wrist for the hired girl and a general shaking up for the balance of the family. They were picked up by a party who came along soon and taken to Valley City, where the injured ones were given surgical attention. Their car was practically ruined.
