

L. P. Larson has become affiliated with an automobile concern at Fargo, to be known as the Larson-Isensee Motors, with Mr. Larson as secretary-treasurer. The company is state distributor of the Oakland, Pontiac and Oldsmobile cars and also establish in Fargo a service station for Fisher bodies. The organization of the new company will probably mean the removal of the Larson family from Binford, a circumstance which we sincerely regret. Just when this will occur cannot be definitely stated.—Binford Times
