

Barney Peterson and wife were victims of a serious auto accident Thursday afternoon at the Retzlaff school house west of Cooperstown. They were on their way to Sutton, and as they were passing the intersection of the two highways a car coming at high speed from the south crashed squarely amidships into their car, a Chevrolet touring. The impact of the other forced it several feet off the road and in the crash Mr. and Mrs. Peterson received some bad cuts about the head. The occupants of the other car were also hurt considerably, and as some one passing volunteered to send a doctor out from Binford the victims remained on the scene for first aid attention. The Ford was an almost total wreck.
