

Wm. Werner went to Fargo this week to spend several days. Mr. Werner will leave Sutton March 1 and go to Rosholt South Dakota to take permanent charge of the lumber yard at that point. His successor will be Mr. Essen, the present manager of the Rosholt yard. He is a married man and has rented Max Starr's house. The change is perhaps a promotion for Bill, and while he is to be congratulated because of it, we are sure all of the folks here will be very sorry to have him go.
