

Mr. and Mrs. D. A. White, Mrs. B. N. Howden and Bernice Davidson had a very close call while on their way to St. Paul last week. At Brandon Minnesota it was raining which made it impossible to see any distance and as they were about to cross the Great Northern track Mrs. White saw the Empire Builder approaching. She cried out and Mr. White had presence of mind to turn the car barely in time to miss the train. No harm was done to car or occupants.
