

J. A. Moffatt and family and Mrs. J. E. Haskell departed on No. 3 Tuesday for their future home in the west. For the present the family with the exception of Mr. Moffatt will stay with relatives at Tracyton, Washington, while he will go to the home of his brother in southern Oregon to do the office work in his planing mill. Later he expects to purchase an interest in the business. Thus Sutton has lost one of its pioneer families, one that has been identified with everything that was for the welfare of the town. Our people truly regret their departure, but at the same time wish them success in their western home.
