## Victor Simenson

Somewhere in France

March 24, 1918

Dear Mrs. Moffatt:

I wish to let you know that I received the package which you sent me. I wish to thank you and the rest of the Sutton Red Cross for same. Received it in very good order. Though I did not get it on Xmas it was most welcome to get something from the States. The Red Cross is doing a great deal for the American soldiers, and we all appreciate it very much.

We are having a good time at present the weather being warm though the nights are cool.

We find the Y. M. C. A. a very welcome place to go to when we wish to write or read. We have entertainments every night so I enjoy myself very much when I can.

The country is most beautiful here. Am sure it is different in N. D. The grass is green and the grain up above the ground.

The Y. M. C. A. has a French class for those who wish to learn French. I think those who have taken it for a week can say a half dozen words. So it looks rather dark to me to care to take it up. There are a large number of French people who can talk rather good english, so we manage to get along with words and signs which is all that is necessary.

Thanking you all once more, I remain in best of health.

Sincerely

Pvt. Victor L. Simenson
