

Notices Received

The notices to those who are to take the examination at Cooperstown, this week have been received and by the end of the week all will know their fate. Sixteen of those who gave their address as Sutton were notified. Of this number some are not citizens, some will not pass the physical examination, and others will be able to claim exemption, so that the full quota required from here may scarcely be obtained out of the above number.

Those who were required to report Wednesday are—H. T. Wenaas, Einar Haugland, Frank Olson, Robert Lyle.

Thursday—William Peters, Pete Grotting, Bruno Johnson, John Peters, George Peterson.

Friday, William Schmidt, Frank Albrecht, Fred Nelson, Harold Davidson, John Grotting, Frank Starr.
