

cutting weeds, if you are burdened with such, and get busy with the sythe before the town board causes you any expense, which will be done if you do not attend to it at once. This is only a small matter and no one can afford to neglect attending to the weed harvest. Don't put the town board to the unnecessary trouble of having it done for you.

The hustling little city of Kenmare organized a commercial club this week, starting out with a membership that includes practically every business and professional man in the town. A good, live commercial club, properly conducted, is one of the greatest assets a city can have, but if it is use selfishly, to further private aims and ambitions, or to punish political or business opponents, it is a curse and the quicker it is allowed to die the better for all concerned.

In another part of this paper will be found an ad from Drs. Bolton & Bolton, located at Jamestown, who have built up a wonderful reputation during the past three years. They have 16 rooms in the Lutz block, besides their large reception room and several other rooms in which is located some of the finest and most up to date electrical machinery that money can buy. The ex-ray machine is a large powerful machine. They use no drugs and cure without using the knife. They have among their patients some of the best people of Jamestown who recommend them highly. Dr. Redmond A. Bolton carries the titles of L. L. D., Oph. D., D. O., and M. Evangeline Bolton, D. O., who specializes in women and childrens diseases, is a graduate of one of the leading osteopathy colleges in the country, located in Chicago and spent two years in the Cook County Hospital. Drs. Bolton would be pleased to have you call and go through their establishment and see for yourself what is contained therein.
