

## Will Leave Courtenay.

Lee Pangburn, who has been connected with the Farmers Cash Department Store for some time, and previous to that was in business here, has resigned his position, to take effect the 22th of this month. He has accepted a position as traveling salesman with the Heinz Co. of St. Paul, of the 57 variety fame. He will leave for St. Paul to enter upon his duties on the 24th, working in the house for a week, after which a territory will be assigned him.

Mr. Pangburn has had some fourteen years experience in the grocery and dry goods business and is a valuable man for any concern, and the store here will miss his services very much, and great inducements were offered him by the local firm to remain, but he feels as though he has been tied up indoors for such a period that he would rather get the outside work, and is leaving with the best of spirits toward the company. He does not know at this time just where his territory will be, but expects, if possible, to get near this point. They, in all probability, will leave Courtenay, which will be much regretted, as both Mr. and Mrs. Pangburn are very congenial people and have a number of warm friends who will regret their departure, but gladly join in wishing them the best of success.
