

---

The Rogers Lumber Company have again changed agents for their local yard, Mr. Nelson, who has been in charge of the yard here for a couple of months having been transferred to their yard at Donnybrook and the agent at Donnybrook transferred to Courtenay. The Donnybrook Courier has the following to say regarding the transfer:

Mr. and Mrs. C. W. Roe left Tuesday for their new home in Courtenay. Mr. and Mrs. Roe who have been in this village nearly two years, have made hosts of friends. Mr. Roe who has been manager of the Rogers Lumber Company's yard was a business man of the best ability and a good collector. The Company rewarded him for his good work by giving him a large yard and increasing his salary. Mrs. Roe was very popular among all who knew her, and was an active member of the Lace Club. The Courier joins with their many friends in wishing them success in their new field.
