

## Will Open Meat Market.

S. J. Strong, who has been employed in the local meat market for some time, has made arrangements for the opening of another meat market in Courtenay, and expects to be ready for business about the first of May. He has rented the room adjoining the Clark Hotel, formerly occupied by a pool hall. The latest in fixtures will be installed. Mr. Strong states that he will give the community an up-to-date market in every respect. The people will, with two meat markets, be given an opportunity to get the best in the meat line, and probably at reasonable prices.
