

THE SPIRITWOOD BUGLE

Published as Part of the Courtenay Gazette Every Thursday

Volume 1 Number 14

Spiritwood, Stutsman County, North Dakota, August 22, 1912

Fred Dunwell, Editor

Local Happenings of the Week

Raymond Brubaker of Eekleson, is visiting with Rev. Merchant.

John Squire helped Mr. Stoaks with some grain cutting here one or two days last week.

Mrs. A. L. Kline and daughter, Vera, of Elliot, No. Dak., spent last week with Rev. Merchant and family.

The Capital of Jamestown is putting out an advertising sheet in the weekly paper and intend to circulate it to all the farmers in the county.

Joe Adams and Lee Uwanawich have purchased the second hand rig of E. J. Hayes and will use it for the purpose of threshing their own grain this year.

M. Q. Bingman a representative of the Acme Harvester Co., was among the callers here last Thursday. He said the sale of the Acme binder has been double that of last year.

Fred Freid got home sick last Wednesday the 14th, and took a run up to Wimbledon where he spent the evening. Fred evidently did not waste any time sleeping while there if looks are any indication. He was, nevertheless able to wait on the trade after his return.

Most of the farmers have their wheat cutting almost done now and are about ready to get in and cut their oats. We are almost surprised to note that they have got along all very well considering the weather they have had to contend with this harvest. Most of the farmers around here are progressive anyhow and we are glad to note it.

It seems like the weather man has went on a vacation and left his little brother to attend to the wants of the people in North Dakota, and as usual he wants lots of rain. He surely went to sleep and forgot to shut off the water, judging from the large amount that came the first few days of the week. The old man is surely back as the sky has cleared and good weather looks possible.

Martin Benson was a Jamestown caller on Tuesday last on business.

Mrs. H. F. Hobert is assist at the home of Mrs. Erick Lundeen for the present.

Archie Hopkins has purchased five cows from C. E. Creighton of this place.

Will and Frank Squire have purchased the part of the threshing machine that their brother John owned and expect to thresh alone this fall.

Gust Henniman recently sold one of his large team of mares and got quite a good price out of them, so he says. The purchaser was someone from west of Jamestown, N. D.

Born to A. E. Jones and wife, on Monday, the 19th, a girl. It is needless to day that papa is overjoyed and has taken ill with the smile that sticks awhile. Dr. Lang of Sarnburn reports all doing nicely.

Mr. Booth with the Hackett Gates-Hurty Co. of St. Paul called on his trade here Monday evening. He is a specialty man and carries a line of baseball and football supplies along with numerous other things.

Rev. S. A. Danford, Supt. of Bismarck District will preach at the regular preaching service on August 25th, at 3 p. m. After the service he will conduct the regular 4th quarterly conference of the year. This is one of the most important of the year and all the official board is especially requested to attend as the work for the coming year will be discussed.

Wilbur Doty arrived here on Sunday evening and expects to overhaul the two automobiles of Rounseville & Doty and put them in good running order so to be able to use them this fall. He returned to Jamestown on Monday evening with some repairs that he wanted fixed up and will return as soon as completed. His father, J. H. Doty, in the meanwhile is overhauling the cars.

Will be Busy Here

John and James Brogan of St. Peter, Minn., have arrived in Spiritwood, bringing with them ten teams and a force of ten men. They are railroad contractors, but have been engaged by Rounseville & Doty to help take care of the harvest work on their farms around here, and they expect to be here for some time.

City Restaurant

Doing Business

One of the great needs of our town has been done away with by the opening of the City restaurant, which was opened for business on the 10th of this month and will be greatly appreciated by all who have to eat in order to exist. Heretofore it has been a hard matter for a stranger to find a place to satisfy that hungry feeling which creeps into his system at least three times a day, and many there are who have missed meals while here owing to not knowing where meals were being served. This has all been settled now by this new restaurant, which has been doing a nice business since the initiator day.

The regular Sunday service of the M. E. church here was well attended on the 18th.

A. P. Paulson is trying to get some cutting done with the gasoline engine with binders attached. He was stuck in the mud for some time and up to date has got very little grain.

R. C. Dunn and family made a trip to Steele, N. Dak., and visited over the Sabbath. They returned during the week. Mr. Dunn has been helping Mr. Stoaks with the harvesting while visiting them for a week.

The "St. Peter Bunch" helped Rounseville & Doty, with their car of machinery and twine on Tuesday last and also helped them in setting up some of the machines that came. They are waiting for it to get dry and then they will pull out and thresh barley for Rounseville and Doty farms.

Some of the people of Spiritwood were treated to quite a surprise the other morning when Mr. Brogan unloaded their horses that they will use for hauling timbers this fall for Rounseville & Doty, the surprise was when they saw the large fine built horse that this R. R. contractor has.

J. H. Doty of St. Peter, Minnesota, arrived here on Saturday last and expects to stay until the threshing is completed. Mr. Doty and Rounseville made a visit at Medina over the Sabbath, going up on the 10 o'clock train and returned on No. 8. They expect to pull out a threshing rig as soon as the weather is favorable and thresh barley.

AFRAID OF HIS PROWESS.

The Bird—But I ain't no crow. I'm a silhouette dove!

Twine Arrives

Rounseville & Doty has been able, after a little waiting, to receive the balance of their twine and they will now be able to take care of their trade nicely. The twine is a little late owing to the fact that the makers had none in stock and it was necessary for them to start the machinery again to fill their orders but the twine has arrived in plenty; time for some of the grain and no farmer should complain about being unable to get twine.

N. Stenede, with the Gale-Monroe Co., of Minneapolis, spent Thursday doing his trade here.

Born to Mr. and Mrs. Erick Lundeen of this township on the 15th inst., a boy. All concerned are well and papa as usual.

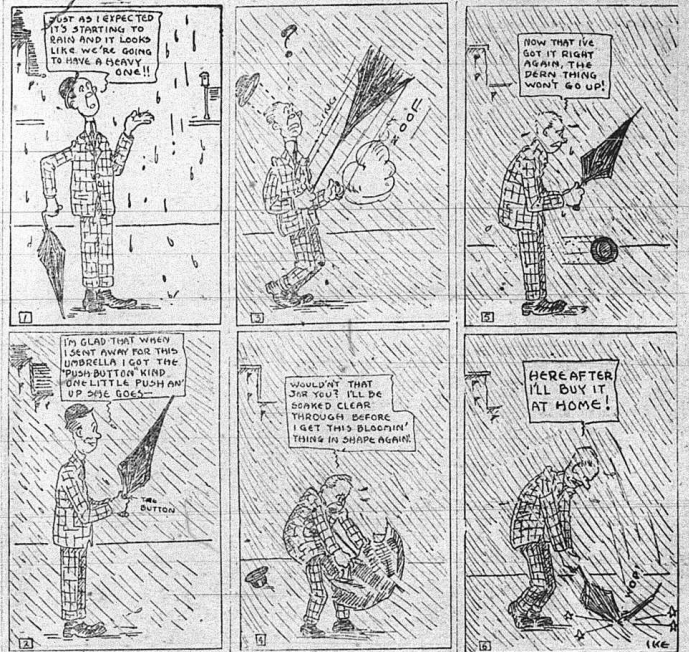

Why Not

Become a subscriber to the Courtenay Gazette and Spiritwood Bugle? The two cost you but 3c a week. Think of it! The whole year for \$1.50. You ought to help that much in keeping a paper in the community. See Fred Dunwell, Editor.
