

Dazey Commercial: George B. Kelly, one of the pioneer residents of Dazey, died at a hospital in St. Paul Wednesday night, following an operation for the removal of gall stones. Mr. Kelley had been ailing for some time and left Friday evening for Rochester to undergo an operation. On the way Mr. Kelly was taken with a severe attack and it was deemed advisable to stop in St. Paul for the operation. For a brief time after the operation he seemed to rally, but the strain proved too great for the weakened condition of his heart and he passed away Wednesday evening. The remains were shipped back to Dazey, arriving here Friday, and the funeral was held Saturday afternoon at the Lutheran church.
