

Obituary

Wayne Elmer Mosher was born March 29th, 1918, and passed from life here May 24th, 1921, at the age of three years, one month and twenty-four days.

This life, short as it was, has brought gladness and cheerfulness into the lives of all who knew him. The memory of his little smile and playful ways shall linger in the minds of his loved ones, and bring to them a sad, sweet joy.

Irwin Harrison Mosher was born Feb. 20th, 1920, and passed from this life June 1st, 1921, at the age of one year, three months and twelve days.

His life, like the morning dew, gone soon after the dawn, has brought a freshness and gladness into the hearts of his loved ones that shall be to them in the years to come, as the dew-drops are to the morning air.

These little boys, sons of Mr. and Mrs. Fred Mosher, of Karnak, died of a disease which has proved baffling to the several physicians who were called in, and who are unable to give it any definite name.

Rev. N. Wood officiated at both the funerals, and interment was made in the Ladbury cemetery.

The people of Karnak and vicinity sincerely sympathize with the bereaved parents in their great loss. It was evidently the will of the Divine One that the souls of these young boys should depart this life at this early age. He who said "Suffer the little children to come unto me, and hinder them not, for of such is the Kingdom of Heaven," has planned everything for the best, and although His ways may be hard for us to fathom, we do well to put all our trust in Him and say: "Thy will be done."
