

Pat Craig sustained a broken arm last Thursday as the result of an accident resulting from a car driven by Jens Nelson, in which Mr. Craig was riding, overturning. They were not driving excessively fast at the time, but a rut or obstacle in the road was evidently the cause of the accident. Mr. Jenson escaped without any injury, but Mr. Craig's arm was broken right at the elbow, and his legs were painfully bruised. Dr. Alm-klov of Cooperstown was called to dress the injury, and Mr. Craig is improving as rapidly as could be expected.
