The new song books for the High School have arrived. Also a number of new books to be added to the library.

A debating team has been organized by the Hannaford High School. Mr. Johnson is at the head of the Club. Twelve members have joined. They will discuss the methods and purpose of debating for a few weeks. They will discuss the question "What shall be a fair basis for immigration?" The debate will not be given until the first week in December or later. Judges will choose the six best debaters; three on the negative and three on the affirmative. They will then prepare again on immigration and debate other schools taking either affirmative or negative sides. The schools will debate with one another to find out which two schools

have the best debaters. The two best debating teams will meet at the University of North Dakota and try for the state championship in Debating.

A party, was given Monday evening by the H. H. S. and Grammar Room students to celebrate Halloween. The schoolhouse was full of ghosts, witches and gypsy fortune tellers. The effect was made more weird by the fine color schemes and combinations used by the decorators. A number of committees had been appointed beforehand to help pass the evening pleasantly. Among other things they rendered were a negro wedding, a jazz orchestra, future readings, and a clever stunt which was called, "Gathering Nuts." Partners for lunch were chosen by means of a fishing pond. A very good lunch was served. Later some games and tricks were played which proved to be very amusing. Just before leaving everyone joined in singing a number of familiar songs. The party was enjoyed by all.
