

## HANNAFORD SCHOOL NOTES

Due to Thanksgiving Day, Thursday and Friday will be holidays for the Hannaford School.

Supt. Johnson has gone to Fargo to attend the North Dakota Teachers association convention which is being held there this week.

The Freshman Class was organized on Friday and the following officers elected:

Eugenia Nelson, President,  
Clinton Wood, Vice-President,  
Evelle Nelson, Treasurer,  
Belle Beattie, Secretary.

The Literary Society gave a better program on Friday than it ever has before. This was due mostly to the clever play entitled, "Our Aunt from California." The characters were carefully chosen and all did their parts exceedingly well. It was evident that many hours of hard work had been spent in preparation. The leading role was assigned to Myrtle [Name] who played her part with credit.

Prof. How many subjects are you carrying? Russell: I'm not carrying any, but I'm dragging four.

Don A: What an awful gash you have on your forehead! Don S: (gallantly) Oh, next to nothing—next to nothing.

Paul S: What's the use of washing my hands before I go to school, mother? I'm not one of those who are always raising them.

A number of visitors attended the Literary program on Friday. Among others were Mrs. Wolverton, Mrs. Thoreson, Mrs. O. M. Westley, Mrs. Isackson, Mrs. W. H. Richardson, Mrs. J. W. Harris, Mrs. Odell, Mrs. Larsons, Mrs. Chester Jackson.

This week marks the close of the second six weeks period in school life, leaving only one more period in the first semester. The High School are having their exams the first part of this week.

Editorials by the English II Class. "What Our School Needs" by Bernice Werth.

Our School needs a better school spirit. The students do not take enough interest in their school

work so they don't like school. They have different reasons, but if they would take more interest in their work they would like school. If a student would take part in all the phases of school activities he would benefit by it. Being loyal to the school when some one has said something against it will prove to that person that he is in the wrong. By taking interest in studying, in school activities, and in being loyal to the school there would be a better school spirit.

We could improve the Hannaford School by having a gymnasium. If we had a gymnasium we could practice many athletic games and sports. It would help the pupils by exercising and developing their bodies. It also would give them a better school spirit. A gymnasium would be one of the very best improvements the Hannaford School could get.—By Ronald Schneider.
