

Torkel Njaa has received his big German Police dog, just imported from Germany. The dog is unquestionably the highest priced dog to be shipped into Griggs county, if not the highest priced one in the state. He is a big fellow with all the good points and features to be desired in a dog. Dog fanciers are marveling at the wonderful head which the dog which Mr. Njaa has received possesses. One good look at him has convinced lovers of dogs that here is as fine, or better, a male dog as this county has. The German Police dog fancier of this county is fortunate to have such a dog within its borders.—Sentinel-Courier.
