

# Notice of Call and to Appear for Physical Examination

The quota for Griggs county was 95 and credit was given by the Adjutant General's office for 11 enlistments, making a net quota to be filled by the Local Board of 84. The rules require that the Board call in 200 per cent of the number required, which has been done. Einar Gunheim, postoffice Aneta, whose Order No. was 2, and John Henry Dunker, postoffice Sutton, whose Order No. was 77, had been certified to the Local Board as having already enlisted; therefore their Nos. were skipped in drawing the quota.

This is the first section of the list of those called and they are to appear for physical examination on Aug. 8:

## How to Kill Quack Grass

Now is a good time to kill quack grass. It cannot stand much in a dry season. For small patches cover with tar paper or fork it out. For a large area first mow it then plow it under and disc about once a week till fall. Sometimes it pays to follow the disc with the harrow. It will sometimes be found necessary to plow it again at the end of the season. Corn is a good crop to put on this land the following year. If there are any stray plants they can be dug out.—N. D.
