

# Patriotic Meeting

On Wednesday Evening at  
Jackson's Hall.

A meeting has been called to be held in Jackson's Hall on Wednesday evening of this week, beginning at 8:00 o'clock, at which matters of more than usual interest will be taken up. The present time is one of great events in our national life, and in order better to face the problems which confront all communities, organization and co-operation are more necessary now than at any time in our history.

Two meetings have been held already to perfect some organization for the purpose of meeting the various problems which the war has brought to us. At Wednesday's meeting the matter of co-operation with the farmers with the end in view of in some way solving the labor problem will be taken up. For years past the question of securing farm labor has been a very pressing one and it is to be feared that this year, when so many men have been called to the colors, that the problem will be more difficult to solve than ever. However, it is hoped that some system or organization can be adopted that will remedy the matter as far as this immediate vicinity is concerned. The farmers are asked to attend this meeting and every suggestion brought up will be discussed and considered.

This is one of the more important matters to be discussed at the meeting. Other things of like import will also be considered. A large attendance is desired.
