

SCHOOL NOTES

Minnie Anderson, Editor

The question for debate this year by High Schools of North Dakota is "Resolved that the United States adopt the Swiss system of military training." Hannaford debates Feb. 15th in second line with a school to be named Jan. 15th when first line teams meet. We are in need of magazine articles on both sides and anything you have to help in forming one "Push." William Westley may take charge of any articles and same will be returned.

Hannaford will send a representative to participate in the State Declamation Contest next May. This gives all pupils a chance to get Public Speaking in a practical way at no cost. Parents are expected to encourage this valuable work.
