

SCHOOL NOTES

6

The class in Physical Geography took its first field trip Thursday. They visited a moraine, studied rock disintegration and soil texture. An alluvial fan was also found.

Philip Thoreson, '15, left on Thursday to join the army. The school wishes him all success and a safe return to us.

The pupils of the Primary and Intermediate rooms cleaned the school grounds last Friday. A picnic dinner at noon added charm and attraction for the kids.

The Hannaford base ball team played ball at Sutton on Saturday. The score was 31 to 4 in our favor.

Jamestown College has awarded a First Honor Scholarship to Minnie Anderson for having the highest marks on her four year high school course. Erma Armstrong was a few points below and secured a Second Honor Scholarship. Both scholarships cover college tuition for two years and each is valued at \$80.00. The school is very anxious that the winners use these excellent opportunities which come to relatively few pupils.

Our Eighth Grade Commencement will be held at Cooperstown on June 2nd, if present plans are carried out. The Girls' Glee Club of Hannaford will sing at the Commencement program.
