

School Notes

Edited this week by Oscar Westley.

Our school opened this year on the 11th day of September, with as large an enrollment as it has ever had.

Mr. Robbins, principal, and Miss Ayrea, assistant principal, have charge of an enrollment of twenty-nine for the High School. Next Friday the monthly examinations will be given.

Miss Lykken has an enrollment of seventeen in the Grammar room. The attendance has been good.

Miss Houghton has an enrollment of twenty-four in the Intermediate room. The attendance has been regular, with the exception of Inga Broten who has been absent for a week on account of illness.

Miss Barkee has an enrollment of thirty-five in the Primary room. The attendance has been regular. They have the "New Beacon Readers" for all three classes. The Third grade pupils have made Hiawatha booklets and covers for their stories of Hiawatha.

The Manual Training room has been converted into a Science room. Manual Training, Botany, Physics, Agriculture and Sewing classes will be held there this year.

A Sewing class of sixteen members began work the past week. The work is done on Tuesdays and Thursdays from 2:30 till 4:00 P. M. of each week. Visitors are welcome.

The State Teachers' Meeting is to be held this year at Fargo. Several of our teachers plan to attend.

The total attendance has reached one hundred and five and it should go still higher. No boy or girl should permit the opportunity of securing a High School education to slip by them. Parents also are responsible to the extent that they urge and insist upon a regular attendance.
