Considering the fact that this is the first year Hannaford has ever participated in a track meet, some pretty fair records were established, as for instance the 100-yard dash in 11 seconds, and a high jump of 5 feet 1 inch.

Hannaford High School won a total of 55 points out of 67 contested for in the Unclassified contest. Our local school boys won 83 points in the classified list of events and the girls won 23 points altogether. So that whereas Cooperstown challenged all of Griggs county, Hannaford went in and won more points than all the rest of the county put together. Let's give a cheer for our boys and girls and then maybe they'll do as well another year.
