

Start New Phone Company

The people in the northern part of Griggs county are dissatisfied with their telephone service and last Wednesday held a meeting at Jessie and organized with the following officers:

President—O. L. Anderson.

Vice President—Jas. McCulloch

Secretary—E. E. Iverson

Treasurer—Oscar Greenland

The board of directors is composed of the above officers and Emil Retzlaff, Louis Trostad and Swen Gilbertson.

The company will have a capital of \$50,000, and shares were placed at \$25 each. A committee composed of O. L. Anderson, E. E. Iverson and Oscar Greenland was appointed to solicit stock, and complete other preliminary work towards the organization.

The object of the new organization is to purchase if possible the property of the Griggs Co. Telephone Co. in Binford and Jessie and tributary to these towns, or, to install a system that will supply this territory and make direct connections with the Red River Telephone Co. at Ane-ta, and eventually to place a telephone in every home in this end of the county.
