

MORE NAMES CERTIFIED

Incomplete List of Names For Next Quota

The district board at Bismarck has certified back to the local board, the names of 26 men who have been accepted for service, and 19 who were exempted on industrial or dependent claims.

Work is steadily progressing in this line and more names are expected to be certified to any day. Owing to the large percentage of exemption claims which are being allowed by the district board and the probability of discharges made at the mobilization camp, it is not at all unlikely that another call will be necessary to complete the quota of 84 for the county.

The 26 men who have been certified as accepted, will form a part of the 40 per cent quota of 34, which will leave for Camp Dodge Oct. 3. These men are:
