

Several new settlers are locating in this vicinity this spring. The following gentlemen from Viborg, S. Dak., arrived in Hannaford last week and are going out on recently purchased farms near town: C. W. Thompsen, Peter Sorensen, Nels P. Jensen, P. P. Christensen and Chris Jensen. They have bought the Anundson farm and the northwest quarter of section 36 in Helena, and other land formerly owned by Messrs. Swingen and Markuson, the Torkel Aarestad farm and others. They intend to farm only about a quarter section of land each, which means intensive farming which is the right kind of farming for this county.
