Well Mr Editor i thought i would rite a few lines to let the Hannaford folks know that i am alive and i also want to let the People know my idea about a few things for my thoughts Put in Print will inliten almost anybody's Brane. there is a good man that lives acrost the street from my sister that got married last spring and she made things so disagreeable for him that the poor man had to take a Few swallers of whiskey every day to keep his Nervous sistim in running order and last Knight the poor man just because he had 5 or 6 whiskies to much when he went home i could tell by the noise that Clubs was Trump and the noise increased till it sounded like the Destruction of Gerusalem and when he is clear sober there is a noise over to that house that sounds like two Thomas cats and one Tabby cat O i do wish they would shove up marriage licence to 500 dollars and hafto be examined Mentaly Phisicaly and Finantially before they could get a license so hoping everybody in Hannaford and vicinity is well i will close

B S Since i have seen so much trouble acrost the street and the way that poor man has got to suffer i have made up my mind in a good Premeditated way that if i had a real nice wife and i had a spring pig and i had to lose one or the other of them i think i would rather loose the Pig
