

A. Zimkoski, the genial and accommodating agent at the Great Northern, has received a deserving promotion. He has been appointed Traveling Freight Agent with his territory covering St. Paul and parts of Iowa and Illinois. Mr. Zimkoski came here about six weeks ago from Hannaford, N. D. He is very much pleased with this town, its people and the patronage accorded him and his road. It is with reluctance that he leaves but the promotion was such that he did not feel justified in turning it down.—Granite Falls Journal.
