

## BARTLEY JUMBLES

The K. K. K. will be held at Mrs. Oliver Richardson's on Wednesday. A large crowd is expected.

A meeting was held in the school building Saturday evening for the purpose of organizing a farmers' club. There was a good crowd present and an enjoyable evening was spent. Officers were elected as follows: Wm. Margach, president; W. W. Bothwell, vice-president; Emmel Hoffman, secretary; Swen Swenson, treasurer. Besides a number were elected on committees. The president of the Dazey club gave a very instructive address on the benefits of a club. There will be another meeting held next Saturday night to finish up some business and get things running in full blast. We are all sure Bartley can afford a live-wire club and enjoy a lot of good social gatherings. All who were not present last week are invited to come and join.

Jimmie Carroll is able to be around again. Jimmie seems to be lucky to be able to come out of an accident without any serious injuries.

Bartley wishes to extend heartiest congratulations to Mr. and Mrs. Albert Rooth. We are all glad to see them settle down in our community.

Mrs. Archie Coen and children autoed to Cooperstown Saturday.

A heavy rain visited us Sunday afternoon. Some of the largest hail stones fell that have ever been seen here. Some damage was done in spots, seemingly the south part being the worst.
