A sale is being arranged for by the Klub to be held November 21, but more particulars will be given later on.

Miss Della Brunberg recently returned from an extended visit with friends in Minneapolis. An attack of influenza kept her rather closely confined for some little time during her absence.

The K. K. Klub will meet with Mrs. Lars Lerum Wednesday afternoon, Nov. 5th. All members please have their quilt blocks in at this meeting if possible. If you haven't been given a pattern yet, ask some member who has one for one.

Two days of sewing school will be over by the time these items appear in print but all ladies please bear in mind that it will continue all day Wednesday instead of just in the afternoon, as stated in last week's paper. E. L. Hoggarth's farm home is the place of meeting. Ladies intending to spend the entire day are requested to bring their noon lunch with them and hot coffee will be served to all. There is a possibility of securing the demonstrator for a fourth day if the demand proves great enough to warrant her spending another day with us.
