

County Rural School Notes

There are only twelve schools which have not reported their school auxiliaries. We urge these schools to organize before school closes. Let the children do their share to help make supplies for the soldiers.

The first of a series of school meetings was held at Hannaford, March 15 and 16. Sixteen teachers and three school officers were present. Friday was spent in visiting the rooms of the Hannaford School and Saturday the meeting was held in the High School room, where school problems and war service plans were discussed. A similar meeting was held in Cooperstown Friday of last week with twenty-four teachers present.

Our Loyalty Program began with a meeting at Hannaford Saturday afternoon and at Cooperstown in the evening. Mr. McDowell, of Marlon, State Chairman of the Men's Liberty Loan Committee, made an intense appeal to his audience to help win the great struggle for humanity's freedom. His arguments were strong, convincing and inspiring. Mr. Warren, President of the LaMoure County Red Cross Chapter, also gave a very interesting patriotic address. We plan to have our liberty rallies close with meetings conducted by Army officers who have been wounded in service.
