

October Call for Men is Postponed

The call for drafted men to be inducted into the service October 21 and to be sent to Fort Winfield Scott Cal., has been indefinitely postponed by order of adjutant General Fraser. The call included 2,800 North Dakota men of which number 32 were Griggs county draftees.

The postponement was because of the influenza epidemic throughout the country, and the call will probably not be issued until the disease is stamped out.

The following men were to have left from Griggs county on October 21, and they will undoubtedly be the ones who will be called to leave at a later date not yet determined.

The Griggs County Local Board has received the following calls for thirty-eight men and this cleans up entirely all men in class one up to the registration of Sept. 12, excepting about 30 who are qualified for special and limited service only.

No. A. 1431 is for six men to go to the North Dakota Agricultural College. Those ordered for this call are:
