

A Home Guard organization for Hannaford was completed last week which has for its object the prevention of the destruction of property in any manner. The organization already has 52 members and its chief duty is to guard property during the night. Two members each night will patrol the streets throughout the summer and fall, and in this manner it is hoped that Hannaford will escape the loss of elevators and other buildings by fire which is a frequent occurrence in towns throughout the state. All the citizens of the village are enthusiastic supporters of this movement, and are more than willing to sacrifice a night's sleep a month to aid this good work.
