E. Rice, Hannaford School; Agnes Selbo, Miller School; LaVerne Zentzis, Knudson School; Mabel Syverson, Stenslie School. Numerous other schools are organizing, five schools have not reported. The teachers of the Griggs county schools deserve a public expression of thanks their ready response has exceeded our anticipations. Our county is to be congratulated upon the loyalty and patriotism of its teachers. But the teachers alone could not organize, they needed the unanimous support of the pupils, which they have received in nearly every school. We are proud of our girls and boys who have enlisted in this war service as true patriots. Every small member is an inspiring example of loyalty.
