

Mr. and Mrs. L. J. Langeness and family are now citizens of Hannaford, Mr. Langeness beginning his duties the first of the month as an employee of the Hannaford Mercantile Co. Mr. Langeness has had long experience in the mercantile business, and all customers of that firm will find him courteous and accommodating. Miss Marie Knutson has been employed to assist with the bookkeeping, so with the former employees the Mercantile is well prepared to give prompt and efficient service to all its patrons. The village heartily welcomes these people as an addition to its social life.
