

Peter S. Lyle and wife have been in this community the past week visiting friends and looking after business matters. Mr. Lyle has bought a plot of land in the Chicago suburbs, where he will make his future home, and devote his time to truck farming. Mr. Lyle would like to live in North Dakota but farming on the scale usually carried on here is a little too strenuous for a man of his age, and he also finds our climate a little too severe during the winter.
