

Milton Mills has disposed of his farm north of town to Robert Pitteger, of near Binford, who will move on to the farm in the fall. Mr. Mills included this year's crop in the sale, in order to be free to leave at once on a trip to investigate farming possibilities in western New York state. He had had favorable reports of conditions in that state and as soon as he can get away after his auction sale, August 6th, will leave to give it a personal investigation. He is offering thirteen head of horses, and 14 head of cattle, as well as his farm machinery and household goods for sale at the auction, announcement of which will be found on the first page of this paper. Simon Warrington and Glen Sheperd will move on to the farm and take off this year's crop.
