John L. Miklethun left Monday for Fargo on business.

Axel Servin left Monday for his home at Hutchinson, Minn. Mr. Servin has been agent for the Great Western Grain Co. here for some time past but on account of this company closing their elevator for the summer, Mr. Servin left for his home to spend the summer. While here Mr. Servin made many friends who regret his leaving.

E. W. Everson went to Fargo Monday on business and returned home Wednesday.

There is an urgent need for more of the ladies to help sew in the Red Cross work room over the store Saturday afternoons. Make it a point to help in this work and keep Walum on the map for Red Cross activities. We must do our bit.

Dr. S. Juell was a Hannaford passenger Wednesday.

Mrs. Bertha Wunderlich and daughters Lily and Elsie left Thursday for Luverne where they have leased a restaurant which they will operate there.

E. W. Everson went to Hannaford Friday.

Some of the farmers have voluntarily offered to sow an acre of grain for the benefit of the local branch of the Red Cross. This has been done in many other localities and is gaining popularity in all sections. In some instances the Red Cross acre is being staked off by flag markers and gives a very good impression to passers by. A Red Cross acre on every farm would do wonders in helping for the purchase of materials for Red Cross work.

Mrs. John Miklethun left Friday for Valley City.

Thursday afternoon while Mr. and Mrs. Ole Broten were in Hannaford and only their little girl at home an unknown man came to their farm and went through the entire house, then went out, locked the door and took the key with him. The man said nothing to the little girl upon entering and the girl being frightened ran to a nearby field where Ole Pederson was working and told him the story. Mr. Pederson then went to the farm home and climbed up on the windmill to see if the man was making his get-away, but could see no sign of him. In the meantime he sent the girl over to a neighbor's for help and when help came a search was made for the man with no results. As soon as Mr. and Mrs. Broten returned home they were told of the affair and Mr. Broten came to town and spread the news. An auto load of men went to the place and searched again for the man, but found no trace whatever. The only description the young girl could give was that the man was ragged.
