E. W. Everson left last Monday for Grand Forks to attend the convention held there by the I.V.A.

Theo. Sommerfield arrived Wednesday from Minneapolis and brot with him a barber's outfit and has established a tonsorial parlor in the pool hall here. Walum has long been in need of a barber and now that this want has been filled we hope that Mr. Sommerfield will enjoy a good patronage so that we may all have our work done right here at home and not have to take a day off when necessary to have tonsorial work done. Walum continues to grow, adding new business enterprises quite frequently.
