Money makes money if planted in this bank. We can't all be millionaires, but we can all save enough to make ourselves comfortable. The only sure and safe way to save money is to deposit it in some reliable bank. When it jingles in your pocket, you want to spend it. When you have it in the house where it is easy of access you cannot resist the temptation to take a few dollars when some glittering "gold brick" comes your way. Your name would look well on our books. Call and let us put it there to-day. Farmers State Bank of Walum.
