

## WALUM NEWS NOTES

Local Food Administrator Geo. J. Jacobson has received the following telegram from County Food Administrator L. P. Larson, which was sent out by E. F. Ladd, Federal Food Administrator at Fargo, which will likely interest many of our readers:

Fargo, N. D., Aug. 29, 1918  
L. P. Larson, Binford, N. D.

Assure retail dealers of sugar in your county that ample sugar will be supplied for canning. Jobbers have been authorized to sell all dealers one-half their August allotments without certificates, these certificates to be furnished later.

This is an emergency ruling made to prevent wastage of a vast amount of fruit now on the way to North Dakota. Consumers are assured of ample sugar to take care of all needs. North Dakota has been assured of enough sugar to take care of all fruit and vegetables. Give this information the widest publicity in the papers of your county.

E. F. Ladd, Fed. Food Admin.
