

THE COURIER.

FRIDAY, AUG 3, 1883.

The high license law is so strict in Kansas City, Mo., that the people have to cross over into prohibition Kansas to get a drink.

The latest from the Edmunds literary bureau is: Senator Edmunds refused a pass from the Northern Pacific railroad, and actually assumed and paid all the expenses of his party during his recent trip to Bozeman.

An exchange asks: Did you ever shake hands with a beautiful girl 20 years of age, who, instead of letting her hand lie in yours like a sick fish, gave you a good, hearty grasp? If you have, you know what solid comfort is.

Dakota north of the forty-sixth parallel claims 14 national banks, 21 private banks, 19 flouring mills, 76 churches, 254 school houses, 12 daily papers, 40 weeklies, 714 miles of railroad. Its assessed valuation is 34,764,000; population, 198,526.

The report of the commissioner of the general land office for the fiscal year ended June 30, 1883, will be completed in a few weeks; it is estimated that 8,000,000 acres of land have been sold in Dakota the past year, which is double the amount sold last year.

It is estimated that the loss to the Western Union every day since the telegraphers' strike was inaugurated has been upwards of \$25,000 a day. When to this is added the heavy amount of damages it has rendered itself liable to, the reason for Jay Gould's reported irascibility is not far to seek.

Dakota—imperial Dakota—fears nothing from the truth. If only the truth is told, whether of summer or of winter, whether of sowing or of harvest, whether of climate or of soil, whether of people or of laws, we have a platform that will sustain us, in spite of the ignorance, spleen and misrepresentation, so often manifested by those who are jealous of our opportunities and our resources.—Carrington News.

The report of Fargo U. S. Land Office for the week ending July 27, shows up as follows: Number homestead filings, 19; number acres, 3,010; number tree claims, 15; number acres, 2,400; number declaratory statements, 30; number acres, 4,800; soldiers' declaratory statements, 1; number acres, 160; final proofs 57; number acres, 15,520; total number of filings, 162; number acres, 25,920; total cash receipts, \$22,519.42.

In 1879 a town was founded at Eureka Springs, Ark., and in 1880 4,000 persons settled there, and now the number of inhabitants is 10,000. Outside parties pre-empted certain lands within the city limits and laid out building lots, gave out a report that the waters there possessed curative properties, and caused heavy immigration. The question arose who owned the town, the people who have gone there, or those who pre-empted the town site and now wish to sell the lots at high figures? The commissioner of the land office has decided in favor of the former.
