—The Dakota Terra Firma is a new
publication at Huron, which designs to
fill the bill of a real estate journal, and
from all appearance will do it.

—The secretary of the Ohio board of
agriculture figures out a shortage in the
wheat crop of 120,000,000 bushels, which
is more than has been supposed, and if
correct, will insure higher prices.

—A truthful truth is thus tersely told
by the Northwest: "The 'dude,' the
dandy and the idler of older communi-
ties have no counterpart in Dakota. Pluck
and patient determination seem to be
inhaled with the prairie breezes. The
vast extent of still unoccupied farm
lands, sufficient to give farm homes to a
hundred thousand families and to fur-
nish food for half the nation, and the
certainty that a region so productive will
not remain long undeveloped, are the
foundation stones upon which capital-
ists, mechanics, professional men and
settlers are building their hopes."

Extraordinary Offer.

Recognizing the demand of our sub-
scribers for more agricultural matter,
more about the farm, about horses and
cattle, about tree culture, about the
crops, etc., etc., which in justice to our
town subscribers cannot be given in the
limited space of a local paper, we have
made arrangements with the publishers
of the American Farmer which enable us
to furnish that magazine as a premium
to our subscribers. The American
Farmer, a sixteen page monthly Farm
Magazine will be sent free for one year
to all our subscribers who will pay their
subscription to the Courier one year in
advance. This means just what it says
—the American Farmer one year for
nothing.
