One Thing and Another.

Hay is selling at \$30 per ton at Cooke City, Montana. Michigan's wheat acreage will be reduced next year.

Henry Ward Beecher will preside at a free trade meeting in New York on the 22d inst. Property to the value of \$81,000,000 has been destroyed by fire in this country and Canada since Jan. 1, 1883.

"We love not the Dominion the less, but the United States more," say the disaffected people in Manitoba who are moving in an effort to secede from Canada.

It is said that the best way for those who have no reliable cellars to keep their vegetables from frigid solidity is to let the grocer winter them and deliver as needed.

The Mormons are likely to raise trouble in the Sandwich Islands, where they have a large and growing colony. They defy the laws and run things to suit themselves.

Emma Larsen, of Green Lake county, Wis., who left her home on April 24 last on horseback for San Francisco, has arrived at her destination. She made the trip alone, and is none the worse for her adventure.

About 600 Norwegians resident in Wisconsin, Minnesota, and therabouts have bought tickets for Norway and return good for a year, and are going over to spend the holidays in the old way.

The United States has sixteen and one-quarter doctors to every 10,000 persons. In England the proportion is six to 10,000; in France, 3; Germany, 3 and a fraction; Hungary and Italy, 6; and Switzerland 7.

The republican national convention next year will consist of eight hundred and twenty-six members besides alternates. Dakota will have but two votes although its population will be larger than that of states with ten delegates.

The corn crop is short 40,000,000 bushels as compared with last year, but there is a product of 1,577,000,000 bushels, which is a fraction over thirty bushels for every man, woman and child in the United States. The potato crop is 175,000,000 bushels. The wheat crop is 425,000,000 bushels.

Minneapolis has one of the endowment associations which pay the wife a handsome sum, as alleged when she marries one of the insured. The members must be single, not engaged, and not allowed to marry for two years. These sort of institutions have had a run in the east, where they are pronounced snide, and are apparently reappearing in the west.

There is said to be a hot fight in Arkansas on the temperance question. A recent state law allows a majority of the adult population of both sexes, to prevent the sale of liquor within three miles of a church or school house. This virtually gives the women the power to close the saloons in the towns and centers of population. Little Rock, the capital, is now the scene of hot excitement on the subject. The temperance people are working up enthusiasm in public meetings, and the liquor men are boycotting all business men who favor the closing of saloons.

We believe of all the love affairs in the world, none can surpass the true love of a big boy for his mother. It is a true love and noble, honorable in the highest degree to both. I do not mean merely a dutiful affection. I mean a love which makes a boy gallant and courteous to his mother, saying to every plainly that he is fairly in love with her. Next to the love of a husband, nothing so crowns a woman's life with honor as this second love, this devotion of son to her. And I never yet knew a boy to "turn out" bad who began by falling in love with his mother. Any man may fall in love with a girl, and the man, who is gallant with the girl may cruelly neglect the worn and weary wife. But the boy who is the lover of his mother, in her middle age is a true knight who will love his wife as much in the sear-leaved autumn as he did in the daisied spring time.—Ex.
