Territorial Topics.

A Fargo ticket scalper advertises cut rates to Chicago at \$12.

The postoffice and masonic hall at Valley City were licked up by flames last week.

Yankton, a city on the border of Nebraska is threatened with a ducking by the overflowed Missouri.

Herbert Root, of Valley City, has been arrested on a charge of grand larceny, he being implicated in a doubtful school bond transaction.

The Lisbon Clipper one of Dakota's largest and best papers, has absorbed the Sheldon Herald, thereby adding materially to its subscription list.

Judge Hudson having been laid up from over work has gone to Wisconsin for repairs, and north Dakota is without any judiciary where a matter involving over \$100 can be settled.

The cattle disease in Kansas is causing a great set back to the emigration into that state. Large numbers of cattle are dying daily. Dakota is the best country for stock to be found anywhere.

The Hillsboro Banner says another newspaper is to be started at that place and also another at Mayville. The muddled condition of the political atmosphere in Traill evidently requires more "light."

One reason why the people of the east who contemplate emigrating, should come to Dakota this year is that congress contemplates repealing the pre-emption act before adjournment, which gives 160 acres more land than they will hereafter likely secure.

H. M. Creel retires from the Devil's Lake Pioneer Press and is succeeded by Emmett Orr, editor of the paper under Mr. Creel, and a competent journalist from Ohio. The Pioneer Press is a vigorous sheet and is worthy the prosperity it apparently enjoys.

The Devil's Lake Inter-Ocean has information that parties in some of the large cities are arranging to erect one hundred cottages for summer use on the north side of Devil's Lake. It is expected that popular summer resorts will be established on the lake.

There will be a number of stock ranches in operation in the vicinity of Jamestown the coming summer. The experiments that have been made in that direction in the James River valley have been successful and will develop into profitable business enterprises.—Alert.

Saline (Mich.) Observer: Wednesday evening's train conveyed our respected young townsman, Will Mead, on his way to Dakota, the assumed golden grain field of the world, where he will engage in farming on a section which he bought while up there last fall. His utensils, etc., preceded him a day or two.

There is a man in Traill county who is so infernally mean and stingy that he let his wife die sooner than call in medical aid, and then tried to hire a man to make him a \$3 coffin, as he had "no money to throw away on the old woman." Wonder who helped him make the \$10,000 he possesses?—Portland Inter-Ocean.

Press Association.

A move in the right direction, and one that cannot fail to result beneficially to the fraternity, was the formation of a press association at Grand Forks, on Tuesday of last week, with H. C. Upham of the Grafton Times, president, and W. L. Scott, of The Larimore Pioneer, secretary. The following committee on constitution and by-laws was appointed with instructions to prepare and submit the same at the next meeting at the call of the president: George B. Winship, Grand Forks Herald; W. J. Murphy, Grand Forks Plaindealer; W. R. Bierly, Grand Forks Herald; R. D. Hoskins, Bathgate Sentinel; Mr. Duffy, Grafton Herald; George H. Winters, Nelson County News; H. C. Hansbrough, Devil's Lake Inter-Ocean; E. D. Barker, Hillsboro Banner; Ed. D. Stair, Cooperstown Courier; J. M. Wyard, Carrington News. The chairman stated that he would promptly call a meeting and circulate a call throughout North Dakota with a cordial invitation to all newspaper men to come and unite.
