Out in Kansas the girls have a new leap year dodge. It works in this way: A young man had a fine pre-emption right, but had not lived up to the conditions. It is a great scheme, worthy of the great west.—Ex.

The report of the department of agriculture for the year 1883, shows that in Dakota forty-nine per cent. of the population is engaged in agriculture. In the District of Columbia but two per cent. are thus engaged, in Massachusetts and Rhode Island nine per cent., while in Alabama the per cent. is seventy-seven; Mississippi, eighty-two; Arkansas, eighty-three. Fargo Argus: Finally the contract for the tracklaying on the Fargo Southern has been closed, and George Foley left for Chicago last evening to secure patent tracklaying equipments. Mr. Foley expects to return and begin work Thursday morning at Fargo and Wahpeton. Next week he will commence laying from Ortonville north. The intention is to meet between Fargo and Wahpeton just as quickly as possible. Hickson, seventeen miles out, is where the work begins at this end. Mr. Foley is known as a pusher, and the rails will go down like lightning when he starts.
