Truth is Mighty and Must Prevail

Is a good old maxim, but no more reliable than the oft repeated verdict of visitors that

COOPERSTOWN, DAKOTA,

is the Queen City of a magnificent county and the most beautifully located of the many new and prosperous places of North Dakota. It is the

Permanent County Seat of Griggs County, and, though only a few months old, already has a representation in nearly every branch of business and each man enjoying a profitable trade. Plenty of room for more business houses, mechanics or professional men. Cooperstown is not only the

TERMINUS OF THE S. C. & T. M. R. R., but is also Headquarters thereof. In short, the place is, by virtue of its situation

The Central City of the Central County of North Dakota.

THE GEOGRAPHICAL CENTER! THE COMMERCIAL CENTER!
THE FINANCIAL CENTER! THE RAILROAD CENTER!

and the outfitting point of settlers for fifty miles to the North and West. The energetic spirit of Cooperstown's citizens, who in most cases have not yet reached the meridian of life, the singleness of purpose and unity of action in pushing her interests, have resulted in giving her an envious reputation for business thrift even this early in her history.

GRIGGS COUNTY

is the acknowledged Eden for settlers and home-seekers. Its soil is unsurpassed; its drainage the very best; its climate salubrious, and its railway advantages par-excellent. Public land in the county is becoming scarcer every day, yet there are still thousands of opportunities for the landless to get homes.

GREAT STRIDES

toward Metropolitan comforts have been made in Cooperstown and the wandering head of the weary traveler can here find rest and entertainment at an

BEAUTIFUL AND ELEGANTLY APPOINTED HOTEL,

erected at a cost of \$21,000. The man who becomes a citizen of Griggs county's thrifty capital can have, without price or waiting, the advantages of

GOOD SCHOOLS AND SPLENDID SOCIETY.

The rapidly growing embryonic city of Cooperstown is surrounded on all sides by the very richest lands in North Dakota. Cooperstown, situated as it is in the very heart of a new and fertile region, must boom to keep pace with the

UNPARALLELED RAPID DEVELOPMENT

of the surrounding country. When you stop and consider the facts you will realize the advantages this new town enjoys. It being the terminus of a railroad, the entire country makes it a

UNIVERSAL TRADING POINT,

a fact demonstrated by the merchants already established and enjoying big trades. Cooperstown is not an experiment but is built on the solid rock of commercial industry. Sound investments can be made in Cooperstown city property or Griggs county farm lands by applying to the
